Profile

Accomplished Senior Software Engineer with over 5 years of experience leading projects by acting as architect, developer and programmer analyst. Proficient in supporting project deliverables and maintaining releases. Strong leader in guiding support teams and solving complex issues. Steadfast in planning and implementing effective development strategies based on industry best practices.

Work Experience

Remote developer at Futurenow LLC, Dubai, UAE

Jan 2021 – Aug 2022

Futurenow is a software development company. I worked as a Node js api developer and Flutter mobile app developer. We worked as a team and developed a number of applications including mobile apps and web apps.

Software developer and designer at Techlup, Eldoret, Kenya

May 2019 – present

Started a data management and software development incubation that includes a group of three individuals whose primary role is to develop software and manage data. We develop native android apps using Java and web apps using Laravel for backend and React js for UI.

Freelance expert at Chegg, Mumbai, India

Sep 2018 – Jun 2019

Chegg is an online platform to help students solve their homework. I work as an expert to solve programming-related questions in python, PHP, c++, and java.

Education

1. Diploma in ICT, RVTTI, Eldoret.

   September 2017 – Feb 2021

2. Kenya Certificate of Secondary Education, Tembelio Secondary School.

   February 2012 – November 2016

3. Kenya Certificate of Primary Education, Tendwo Primary School. January 2002–

   2011
